DESCRIPTORS	Library Surveys; *State Libraries; *State Surveys; Statistical Data; Statistical Surveys
IDENTIFIERS	National Center for Education Statistics; State Library of Ohio

ABSTRACT

This report is an expanded version of both the "Ohio Directory of Libraries" and "Rankings of Ohio Public and Academic Library Statistics." Data in Part I is arranged into six groups: (1) by private and state-supported institutions, (2) by type of institution, (3) by multicounty cooperatives, (4) by county, (5) by Standard Metropolitan Statistical Areas (SMSA), and (6) by consortia. Statistics include enrollment, number of volumes held and added, number of staff, operating expenses, and number of periodical subscriptions. Part II consists of tables of National Center for Education Statistics (NCES) data available in "Library Statistics of Colleges and Universities, Fall 1975." In addition to the data given in Part I, Part II includes statistics on interlibrary loan transactions, library hours, and classification system. (DAG)

INTRODUCTION

This new publication provides expanded information on a vital segment of Ohio's library resources. Academic Library Statistics brings together statistical information which has appeared in briefer form in the Ohio Directory of Libraries and Rankings of Ohio Public and Academic Library Statistics and additionally includes the 1975 Ohio tables from the forthcoming publication of the National Center for Education Statistics, Library Statistics of Colleges and Universities, Fall 1975.

For some years, The State Library of Ohio has cooperated with the National Center for Education Statistics (NCES) of the U. S. Office of Education in collecting data on Ohio's academic libraries. In even-numbered years the State Library has collected these data by using an abbreviated version of the Higher Education General Information Survey (HEGIS) form. In alternate years, the State Library has assisted NCES in follow-up on questionnaires, receiving in return an early printout of the data NCES would later report in Library Statistics of Colleges and Universities.

The Library General Information Survey (LIBGIS) program, initiated by NCES in 1974, included academic libraries for the first time last year. Thus, in the fall, 1975, the State Library used the HEGIS/LIBGIS report form to collect academic library statistics in Ohio. Basic statistical data were printed in the 1976 Ohio Directory of Libraries and Rankings of Ohio Public and Academic Library Statistics.

Part I of this publication presents these basic data arranged in six groups: Group I arranges data by private and state-supported institutions; Group II is arranged by type of institution as defined by the Board of Regents (Branch College, Community College, etc.); Group III is arranged by multicounty cooperative; Group IV by county; Group V by SMSA; and Group VI is arranged by consortia. Statistics include enrollment; number of volumes held at end of year; volumes added during year: number of physical units of microform; number of periodical subscriptions; number of professional staff; number of non-professional staff; number of hours of student assistance; total operating expenses; expenditures for salaries, wages, books and printed materials, a/v and non-print materials, binding, other.

Part II of this publication consists of seven tables of NCES data which will later be available in Library Statistics of Colleges and Universities, Fall 1975. Table 1 lists data on library collections; Table 2 provides data on units added to collections and the number of interlibrary loan transactions; Table 3 contains data on operating expenditures, collections and staffs; Tables 4 and 5 provide data on staff; Table 6 provides data on physical facilities, library hours, classification systems, and network participation; and Table 7 provides operating expenditures data.

We hope this publication will help in providing additional access to statistics for determining resources in Ohio's academic libraries. Miss Cynthia McLaughlin and Mrs. Barbara Leslie have prepared the statistical information. Appreciation is expressed to Kevin Flaherty, Library Development Consultant, who initiated the planning for this publication, and to the Board of Directors of the Academic Library Association of Ohio for their encouragement in undertaking it. We are also indebted to Dr. Frank Schick, Chief of the Library Surveys Branch of NCES for making it possible to include the NCES tables which constitute Part II of Academic Library Statistics.

Joseph F. Shubert, State Librarian
October 4, 1976

CONTENTS

PART I

		Page
Group I.	Listing of state and private institutions, alphabetically by name of institution	2
Group II.	Listing of state and private institutions by type of institution as defined by the Board of Regents (branch campus, branch campus and technical college, community college and junior college, general and technical college, main campus, technical college)	10
Group III.	Listing of state and private institutions by location in areas of Ohio in which multicounty cooperatives have been developed (and other county combinations)	18
Group IV.	Listing of state and private institutions by county in which each is located	26
Group V.	Listing of state and private institutions by location in Standard Metropolitan Statistical Areas (SMSA)	42
Group VI.	Listing of state and private institutions by membership in consortia	50

PART II

Table 1	Number of units held at end of year in library collection, college and university libraries, by state or other area and institution: aggregate United States, 1974-75	58
Table 2	Number of units added during year to library collection, 1974-75, and periodical subscriptions	62
Table 3	Library operating expenditures (in dollars) of college and university libraries, by category of expenditure	66
Table 4	Number of regular library staff in full-time equivalents (FTE) and contract salaries and wages for regular library staff, by position category, fall 1975, and hours of student assistance	70
Table 5	Number of full-time professional staff by sex and by highest earned degree, number of part-time professional staff in full-time equivalents (FTE) by sex, and number of contributed services staff (FTE)	74
Table 6	Loan transactions, 1974-75, and physical facilities by type, number of hours library was open per typical week, number of days library was open 2 hours or more per typical week, calssification system used for new acquisitions, and participation in a consortium, cooperative arrangement, and/or network	78
Table 7	Indexes concerning operating expenditures, 1974-75, bookstock held at end of year, 1974-75, and library staff (FTE)	82
